Intervention By America Scoffed at By Ex-Kaiser Declares Von Bernstorff

By CARL D. GROAT (United Press Staff Correspondent)

BERLIN, Oct. 23-The former Kaiser scoffed at American intervention early in 1917, according to Count von Bernstorff, then German ambassador to the United States. Replying to a question by Dr. Sinsheimer, when he resumed testifying in the reichstag committee of investigation of the conduct of the war yesterday afternoon, von Bernstorff admitted that Wilhelm telegraphed Foreign Secretary Zimmerman about January 16, 1917, that "if a breach with America cannot be avoided things must take their course."

ORANGE SHOW DATES SET. FEB. 13 TO 23

SAN BERNARDINO, Oct. 23.—Cit rus fruit growers of the state are nov beginning to prepare for California's big midwinter event, the National Orange Show, the tenth annual expe sition of which will occur in San Bernardino, February 13-23, 1920.

Friday, the thirteenth, has no terdate for the exposition. In fact the date fo the exposition. In fact the 'double jinx day' was deliberately selected because of many poor guesse in the past ten years as to when i would not rain.

The coming season promises to be prosperous one for citrus fruit grow ers, for although the crop is below normal, probably not as large as the season just ending, there is every rea son to believe that prices will remain

section producing fruits in California will be invited to enter into competition for the gera sweepstakes prizes as well as play part in moulding the garden of golden beauty for the entertainment of 100, 000 people expected to visit the gorgeous spectacle.

The organization representing the citrus fruit growers is actively work and this year includes the following prominent citizens of San Ber nardino: Ralph E. Swing, president; J. E. Rich, vice-president; J. H. Wilson, treasurer; F. M. Renfro, genera manager. Executive committee: Jos eph Strawser, Geo. N. Haven, Johr Anderson, Jr., Rex. B. Goodcell, R. C Harbison, Edward Wall, W. Beach, two and one-half;

This morning the members of the Santa Ana Board of Education, J. L. McBride, F. L. Andrews, H. C. Dawes, A. B. Gardner and J. Dick Wilson, and Architect Marsh made a trip of inspection through the buildings of the Santa Ana High School, preliminary to taking steps toward calling an election for high school bonds.

The election woill be for bonds for an assembly hall and for providing some additional rooms at the high school. The architect was instructed o prepare estimates as to the cost of placing four rooms at the rear ide of the central building, and also stimates as to the cost of building gymnasium. If the gymnasium is decided upon and is built, four rooms in the east building will be released for classroom purposes.

The school board is in no way responsible for the rejection of the \$50,000 assembly hall bonds, for it ollowed its legal advice throughout he proceedings. The board feels that the need for an assembly hall is greater now than it was last year, and that the schools ought to have he assembly hall as saan as possible. For that reason, there is no hesitancy on the part of the school poard to call another election.

The board is now endeavoring to settle upon an additional amount that shall be used for making minor additions to the high school.

At the high school this morning, t was found that the study halls, the chemistry, the wood-working, and the mechanical drawing departments are he most crowded.

In one room there is only one table for experiments, and four boys carry on the exepriments while the rest of the class looks on.

"If we had more room," said the instructor, "each set of four boys could be carrying on the experiments instead of doing a large amount of

Teachers' Sewing Circle

Out of a gathering at the home of Miss Lula Finley last evening has come a high school sewing circle, which has planned meetings to be held twice a month at least until Christmas. Miss Finley invited the women teachers and the wives of the men teachers to her home with the request that they bring their Christmas sewing, which many had started and others started forthwith.

The occasion proved delightful, especially for the new teachers who vere thus enabled to get better acquainted with the other teachers than they had been during their daily work at the high school

Frazee denies it. All of which makes excellent fuel for the hot stove Hints of politics in the move have

been thrown out by the faction war-ing for the toga of the alleged czar of the league, Ban Johnson. The persistency of Frazee in vetoing most of Ban's moves since he took over the Red Sox has aroused the ire of the league head. Last year Johnson was reported to have been behind several moves to get a new set of owners in the Boston offices. Since that time, Frazee has joined the open enemies of the Johnson regime by enlisting in the Comiskey-Ruppert-Huston army. The major engagement of the offensive directed against the Johson fortifications since the middle of the sum mer will be fought in December at the league meeting.

Question of Violation

"The court is not called upon to tion 'does it violate the requirements of Section 24 of Article IV of the constitution of the State of Califorwhich provides that 'every ac shall embrace but one subject, which subject shall be expressed in its title,' Our Supreme Court has considered the reason underlying the insertiono f this provision in the constitution and has said 'that the purpose was to prevent legislative abuses or the passage of acts bearing misleading and deceitful titles which gave no indication of the matters contained therein.

"It has also been held that provisions of an act may be numerous, but however numerous, if they can be by general intendment construed as falling within the subject matter of legislation or necessary as ends and means to the attainment of the subject the act will not conflict with the constitution, but if the act shall be of distress in stomach, heartburn or found to be made of incongruous parts or to comprehend unconnected Just as soon as you eat a tablet or and dissimilar subjects to that ex-

> Gives Reasoning "It is contended that the amendment is valid, in that there are certain provisions in said vehicle act providing for the safety of the public in the operation of vehicles, and that provision for the safety of the public from firearms would be a subject germane to the main subject. If the act had been one regulating the use of highways the amendment would be in order but because a section of the Vehicle Act may provide for the safety of the public in the use of vehicles and be germane to the main ubject, the regulation of vehicles, oes not make the provision against he discharge of firearms upon a pube highway in any way germane to the main subject, the regulation of vehicles. If the amendment had been he statute enacted under another neading prohibiting the shooting from an automobile it would undoubtedly be connected with the subject. It would be absurd to claim that the discharge of 'a firearms by a person upon the highway or fighting or quar reling by persons upon highways

CENTRAL MILLING COMPANY

SUCCESSORS TO OLIVE MILLING COMPANY

MANUFACTURERS OF FLOUR AND MILL FEED

HOME OFFICE, 421-422 MERCHANTS NATIONAL BANK BUILDING LOS ANGELES, CALIFORNIA

Olive, Orange County, Calif., Oct. 17, 1919.

To the patrons of the Olive Milling Co.,

Greeting: -- This will advise you that the flour milling plant, business and good will of the Olive Milling Company at Olive, California, have today been taken over by the Central Milling Company of Los Angeles, who will continue its operation without interruption or radical change.

The old mill, which has been in continuous and successful operation for about thirty years, will be thoroughly overhauled and renovated. Additional machinery will be installed immediately to double the capacity of the present mill. The enlarged plant will be modern and up-to-date in every way, and capable of producing flour and cereals of the highest grade.

For the convenience of merchants in nearby towns, light delivery trucks will be added to the present equipment, which will make possible the prompt delivery of small orders.

The new owners will strive to cater to the tastes and needs of their patrons and to maintain the high standards of excellence established by their predecessors. If, however, the service should be unsatisfactory at any time, please do not kick to your neighbors, but suggest to the manager wherein improvement is possible.

We covet, and expect to receive, the liberal patronage of the merchants and residents of the district served by the Olive Mills, and especially of the inhabitants of Orange County, for they should all be loyal to home industries, and we are determined to merit their trade and support.

Yours truly, CENTRAL MILLING COMPANY, By John M. Gardiner, President

TO OUR FRIENDS: -- The directors and stockholders of the Olive Milling Company take this opportunity to thank the merchants and citizens generally of Orange county for their continued and liberal patronage for many years.

We have tried at all times to serve you to the best of our ability and give you full value and we sincerely trust that you will give your hearty support to our successors -- the Central Milling Company -- who come to us with long experience and are well equipped to give you the very best service OLIVE MILLING COMPANY, for your future needs.

By D. C. Pixley, President.

Commissioners Hope to Rush Improvements Before Winter Flood Time

With material already on the ground for necessary spur tracks and construction materials on the way for jetties, the stage is all set for early beginning of work upon the diversion of the Santa Ana river from Newport Harbor, provided for under the halfmillion-dollar harbor bond issue approved by Orange county voters on

Reports on progress to date were received by the county harbor commission, at a meeting held yesterday at Newport Beach, when Superintendent Wright of the W. M. Ledbetter Company, general contractors, was present. Wright reported the Pacific Electric is already hauling ties, rails and piling for spur tracks to be built out from the beach for dumping rock into the new jetties to keep the new river mouth open, and that he would in all probability be ready to begin actual construction work within thirty Engineer Leeds Present

Anybody In Santa Ana Want a Bargain In a Piano or Player?

Important Announcement

The Los Angeles office of the Wiley B. Allen Co. has decided to close out the stock of pianos and players I have on hand at the below address on or before November 1st. Scarcity of stock is the reason. Why does this announcement interest you? Because I secured permission to offer for a few days the stock on hand at a discount-not a large one but more than you can get in Los Angeles and enough to make it worth your while to visit my salesroom at the earliest moment possible. I can close up without giving my prospective purchasers a notice and an opportunity to save some money at the same time.

Aren't you about ready to get rid of that old silent piano in exchange for a lively, up to the minute player that everyone in the house will play and enjoy?

I have such a player and NOW is the time to buy it. Come in any day for a demonstration of either Players or Pianos. Yours for a square deal.

Held Property Few Weeks and Sold at Advanced Price

C. E. Pollins, who arrived here reently from the East and bought the Crose ten-acre walnut orchard on McFadden street, has sold the property to a man by the name of Mo Leod, who also is a new comer. Follins took a slight advance in the price and additional profit is represented in the crop, which in itself is considerable. Hankey & Cole negotated this transaction.

Pollins already has acquired another ranch, having purchased eleven and a half acres of walnuts and oranges on Prospect avenue, buying from Winn Donkins. Carden & Leibig made this sale.

Carden & Leibig report the sale of four acres on Hickey street, west of Bristol, to W. J. Antonie, the selier being F. L. Smith, and a lot on South Broadway in the 800 block by Mary Benedict to Rogers and son, who vill build.

Hankey & Cole have sold for Mrs. Ella D. Cole a lot on the corner of Walnut and Orange avenue to W. D. Barker for \$2000. It is understood that Barker may build there in the near future. The same firm has sold for H. H. Yost the lot at the northeast corner of Hickey and Riverine to H. A. Knight, the consideration peing \$1950.

A. M. Leonard, who recently sold his home at 116 West Santa Clara avenue to L. M. Cassidy, has purchas-"Pape's Cold Compound" Instantly ed the residence of C. A. Preston at Stuffiness and 511 South Birch, and will take pos-
